Florida Quality Components Inc. is a global distributor of electronic components headquartered in New Port Richey, Florida USA. We carry a wide variety of electronic components including active/passive components, mil-spec, connectors, controllers, discretes, optos, LCD's, and computer peripherals.

With a market focus primarily in the commercial, governmental, and defense sectors, our customer base includes a variety of commercial original equipment manufacturers (OEMs), electronic manufacturing services providers (EMS), and distributors throughout North America, South America, Europe, and Asia.

Our top priority is customer service and we demonstrate this through a highly motivated and friendly sales staff. We offer proven excellence in the highest quality products, JIT delivery, and a useful selection of value added services. Please call for a quote or e-mail to sales@floridaquality.com and we will do our best to find solutions for all of your supply chain requirements.

Value Added Services

- **Excess Inventory Management**
- **Just In Time Delivery (JIT):**
For scheduled blanket orders we will bond stock for JIT delivery to your dock.
- **Packaging Services:**

Axial Component Taping to EAI Standard 296-F
Radial Taping to EAI Standard 468-B
SMD Packaging to EAI Standard 481-B
ESD packaging according to industry standard ANSI/EAI-541-1988
- **Component Baking/Dry Packing**
- **Military Packaging:**
Packaging per Mil-Std-2073-1C, per all major sub-methods and specifications including bar coding and marking to Mil-Std-129 (latest revision) and ANSI/AIM BCI
- **Component Programming:**
Automated programming from small prototypes to large volume runs of the following devices:
 - CPLD
 - EPROM
 - EEPROM
 - FLASH MEMORY
 - FPGA
 - MICROCONTROLLERS
 - PLD
 - PROM
- **Testing:**
Testing services are available for complete visual, x-ray, and electrical testing
Environmental testing is available to identify substances and ensure ROHS compliance
